- UNM – Project ECHO
- Federal Office of Rural Health Policy

FUTURE

- New Mexico Area Health Education Centers (AHECs)
- UNM – HEROs Program and Staff / Office of Community Health
- **NEW PC TRAINING LOCATIONS!**

WHY A NM CONSORTIUM

- Joint Quality Improvement Program Development
 - Shared Professional Development and Training Opportunities
 - Expansion of existing and development of new residency and rural rotation programs in order to train and retain more family medicine and other PC physicians who are more representative of the communities in which they serve.
 - Improve the recruitment and training of high quality family medicine residents prepared and willing to practice in New Mexico, particularly in rural and otherwise underserved populations.
- 

TODAY'S GOALS

Improve Understanding of Residency Program Development Requirements and Options

Identify Opportunities for Residency Development

- **Expansion of EXISTING Programs**
 - Additional Communities
 - Expanded Continuity Clinics
 - More Residents
- **Creation of NEW Programs**
 - Full Time Independent Programs
 - 1+2 Programs (Unique to Family Medicine)
 - New Rotation Locations

Improve Understanding and Relationships between Providers for Facilitating Residency Training

TODAY'S PROCESSES

Overview of Current Developments in Residency Training

Review of Residency Options and Requirements in Different Settings

Learning Between Similar Provider Types about Requirements and Opportunities

Regional Discussions about Residency Development Opportunities

Existing and Potential Training Locations for Family Medicine Residents in New Mexico
